AI Practitioner offers different types of subscriptions including, for example, subscriptions for practitioners, organisations and libraries. AI Practitioner reserves the right to vary the amount of content and types of service that it makes available to different categories of users at any time.

AI Practitioner will try to process your Subscription promptly but does not guarantee that your Subscription will be activated by any specified time. By submitting your payment and other subscription details, you are making an offer to us to buy a Subscription. Your offer will only be accepted by us and a contract formed when we have successfully verified your payment and contact details, at which point we will provide you (or, in the case of a gift Subscription, the recipient of the gift) with access to the Subscription. You will receive written confirmation when your Subscription offer has been accepted (beginning the fulfilment of a Subscription does not signify acceptance).

Fees and Payments

You are responsible for any fees that are payable.

If your use of the Site or any Subscription is terminated by AI Practitioner, you will be entitled to receive a refund of any credits or pre-payments which remain unused at the time of termination unless such use is terminated because you are in breach of these Terms (which will be determined solely by AI Practitioner). You will continue to be responsible for any fees or other charges you have incurred prior to such termination.
