

Appreciating Health and Social Care: A Practical Appreciative Inquiry Resource for the Health and Social Care Sector

This book, a collaboration between the three organisations with a rich response from health and social care practitioners across the UK, is in seven parts:

- An introduction to Appreciative Inquiry its philosophy, principles and tools
- Information on the emerging AI movement in health and care
- AI in action, including case studies and examples of practice
- Extra resources
- A useful glossary

It's production has taken five years and the support of many people and organisations, testament to the power and influence of Appreciative Inquiry.

To be launched 30 April 2024. Published in hard copy and e-book formats. Price £17.99

A second e-book on Appreciative Inquiry in practice is in development.
